

Polaris Wins Three Major Asian Banker Technology Implementation Awards 2013

Date: 19th June, 2013

Polaris receives awards for highly innovative Core Banking, Lending Platform and Central Bank Technology implementations.

Polaris Financial Technology Ltd, a leader in products, solutions and services that enable unprecedented operational productivity for the global Financial Services industry bagged three prestigious Technology Implementation Awards at the 7th Asian Banker Awards ceremony held in Jakarta, Indonesia. The awards ceremony was held in conjunction with the Asian Banker Summit 2013, the foremost annual forum for global thought leaders in the APAC financial services industry

Polaris won the following awards:

- The '**Best Cross Border Core Banking Project**' award for its implementation at Saigon Hanoi Bank (SHB), for expanding the bank's operations cross border into the two neighboring countries of Cambodia and Laos
- The '**Best Lending Platform Project**' award for its implementation at Abu Dhabi Commercial Bank (ADCB), that enabled the bank to enhance product offerings and customer servicing levels, and simplify operations of the retail lending portfolio
- The '**Best Central Bank Technology Project**' award for its implementation at the Reserve Bank of India (RBI) for providing the bank superior functional coverage and future ready architecture with the capability of handling 100 million transactions per day

Polaris' Intellect[®] Loan Management System, as a single-instance loan servicing platform has enabled the bank to have a consolidated view of its customers' loan portfolio across different business lines, streamlining its entire loan servicing operations.

According to **Ms. Carol Wheatcroft, Associate Director Research (Technology & Operations), The Asian Banker**, "The awards programme, administered by The Asian Banker and refereed by prominent global bankers, IT consultants and academics, is the most prestigious of its kind. A stringent three month long evaluation process determined the winners from across the Asia Pacific and the Middle East region. The awards highlight Polaris' growing presence in the FT space along with its ability to cater to diverse markets."

Commenting on the win, **Mr. Arun Jain, Chairman & CEO, Polaris Financial Technology Ltd** said, "We are extremely delighted to receive three prestigious awards in the Financial Technology space as this is yet another validation of the unprecedented productivity that our Intellect suite of products have driven. We are privileged to serve banks of the calibre of the Reserve Bank of India, Saigon Hanoi Bank and Abu Dhabi Commercial Bank where Polaris has provided the vital connect between business, technology and operations. It is a tribute to our Product teams that they match superior design thinking with the rigour of delivery excellence".

'Best Lending Platform Project' award for its implementation at Abu Dhabi Commercial Bank (ADCB): Polaris' Intellect[®] Loan Management System, as a single-instance loan servicing platform has enabled the bank to have a consolidated view of its customers' loan portfolio across different business lines, streamlining its entire loan servicing operations. The bank derived both financial and operational benefits from the project. Cost reduction has been achieved through savings on core banking license fees and a reduced headcount due to the additional automation that the new lending platform provides. The improved functionality enables the bank to tailor its loan products more specifically to the Middle East market, manage and track loans more efficiently, and gain better control of the management of delinquent loans. Furthermore the new platform offers greater flexibility in how fees and charges are handled enabling the bank to develop a new revenue stream by re-scheduling charges.
